

## FACT OR FICTION BULLDOGS

Hand made and hand painted in Great Britain by Peggy Davies Ceramics

Dear Collector

Following in the footsteps of **Viva Las Vegas** Bulldog, I have been working with Peggy Davies Ceramics to create a group of iconic bulldogs. I am now pleased to announce the issue of two more stars.

This elite 'FACT OR FICTION BULLDOGS' group will include famous icons from the stage and screen as well as historical characters.

### NEW RELEASES

The first to come under the spotlight is **Sherlock**. He is wearing his famous deerstalker hat. He is standing on a base modelled in the shape of a book which has the title of the piece written down the right-hand side. In his hand he is holding his pipe.

**Sherlock** is being produced in an extremely small limited edition of only 50 worldwide. This has been modelled by Andy Moss to a design by myself (Sue Fuller). He stands approximately 4 inches tall.

The cost will be £50 inclusive of postage and packaging. There will be a £5.00 discount off this price if you are purchasing both Sherlock and Screen Goddess pieces. Available June 2007 onwards.

Also walking the red carpet this time is the glamorous **Screen Goddess**. She is wearing an alluring black and white outfit which shows off her voluptuous figure. She is clutching her skirt which has unfortunately blown up as she is standing over an air vent.

Once again **Screen Goddess** will be produced in a limited edition of only 50 worldwide. This has been modelled by Andy Moss to a design by myself. She stands approximately 4 inches tall. The cost will be £50 inclusive of postage and packaging. There will be a £5.00 discount off this price if you are purchasing both Sherlock and Screen Goddess pieces. Available June 2007 onwards.

and **The Tramp**

## STILL AVAILABLE TO ORDER

Finally for anyone wishing to purchase **Viva Las Vegas**, I still have some of these available. These were issued in an edition of 100 Worldwide. They are priced at £50 inclusive of postage and packaging. Part of the proceeds from these will be donated to Leukaemia Research.

This mega star's base is a record with the name **Viva Las Vegas** printed around it.
