Dear Collector

NEW RELEASES

As stated in Issue No.5, we are very pleased to introduce a new series to the Bulldog range –

WORLDS STRONGEST BULLDOGS

This series portrays a group of strong individuals who compete against each other - whether it be lifting, dragging or pulling heavy unmanageable objects.

The first event featured is **ATLAS STONES** – the aim is to lift the most out of five possible stones and place them on their podiums in the fastest time.

Dressed in shorts and vest – wearing his cap backwards – with both knee and wrist supports.

Standing approximately 3.75 inches tall. Modelled by **RAY NOBLE** to a design by Sue Fuller.

Atlas Stones Bulldog BD032 will be produced in a limited edition of 50 worldwide. The edition number will be displayed on the base and each bulldog comes complete with a Certificate of Authenticity.

Now on to the second event, **LOG LIFT**. Competitors have to lift a wooden log from the ground – raising it overhead before putting it back on the ground. The winner is the one who completes as many lifts as possible within the time limit.

Standing approximately 4.75 inches tall. Modelled by **RAY NOBLE** to a design by Sue Fuller.

Log Lift Bulldog BD033 will be produced in a limited edition of 50 worldwide. The edition number will be displayed on the base and each bulldog comes complete with a Certificate of Authenticity.
